

Who, me?

"Yes, Sir... may we ask you why you drive a Morris Minor?"

BECAUSE it's the most practical car you can buy. It's got the most space in its class, a load up to 1000 lbs. and 40 mpg. It's got the most power windows in its class. It's got the most doors in its class. It's got the most storage space in its class. It's got the most... well, you get the idea.

THE CHOICE OF THE MAN WHO MOVES WITH THE TIMES

MORRIS *Minor*
